EXPERIENCE

ICF, Fairfax, VA— *Junior Software Developer*

September 2021 - PRESENT

- Collaborated with survey developers to integrate custom JavaScript functionalities into the N-SUMHSS survey, which is completed by more than 30,000 substance use and mental health treatment facilities.
- Developed a visualizations application using JavaScript, Entity Framework, and Chart.js to monitor survey response rates and completion statuses, filtered by state/territory for the N-SUMHSS survey.
- Worked in a Scrum team to prioritize user stories and estimate the level of effort required for each task.
- Provided ongoing support and contributed to the development of new features across multiple projects.
- Streamlined existing code to improve its readability.
- Acquired proficiency in using Voxco survey software and implementing custom JavaScript to improve the user experience.

YMCA, Fitchburg, MA — *Teacher*

June 2019 - July 2020

- Planned and implemented educational activities and events for 25 students.
- Created Activities to keep students engaged and aided them with their homework.
- Made sure the room was clean and provided a safe environment for the children.

MOC, Fitchburg, MA— *Peer Educator*

September 2016 - March 2019

- Educated youth ages 12-17 on sexual health.
- Coordinated events for a local YMCA and Boys & Girls Club, for Teen pregnancy prevention, teen dating violence, and bullying for over 70 people.
- Lead weekly classes of 15 teenagers and incorporated activities in
